

Bedmover

21288 The metal bedmover is an ideal helper for transporting beds (Lago, Olympia & Artena) in hallways or elevators.

Construction

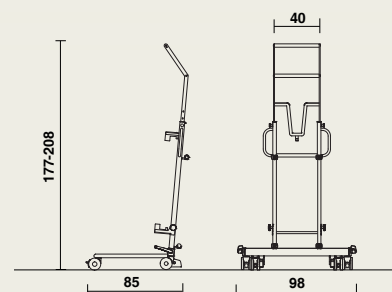

- The transport trolley consists of two parts: a metal welded frame with extendable and adjustable push section.
- 4 castors \varnothing 100 mm.
- The transport trolley is clamped onto the undercarriage of the bed, so there is no possibility of damage to the side rails.
- The transport trolley can transport a maximum of 1 bed.
- This type is suitable for Lago, Olympia and Artena beds.
