

# Barringtons' Hospital

Limerick (Ireland)

Last year, a lot of new inpatient suites were officially opened at Barrington's Hospital in Limerick. These are part of an ongoing expansion at the private hospital.

The suites are designed to complement the patient's recovery process, incorporating bright modern design with state-of-the-art healthcare technology, home comforts and scenic views of the Abbey River.

The new inpatient suites were furnished with our Domus relax chairs, club seats and Litavo reading tables.

**Scope of the project :** 60 rooms

**Date:** Summer 2015
